

## ABOUT US

IFP, established in 1976, is a technology supplier specializing in mobile control products and systems. We partner with OEMs to optimize their controls as a Mobile Controls Integrator by offering a complete array of application, engineering and programming services, as well as a complete line of intelligent electronic controls for mobile equipment. Let IFP evaluate upgrading the technology utilized in your application, whether you're just in the design phase or already in production.

## Intelligent Vehicle Controls

### Displays & Custom Instrument Clusters

### Electronic Controls

### Wireless Systems & Remote Controls

### Sensors

### Operator Controls

### Cameras

### Keypads & Rocker Switches

### Telematics
